It has been an extremely busy term with a number of sporting and inter-house events and I am very encouraged by the widespread participation across the College. Congratulations to those students who have received Team, Colours, or Honours awards in Soccer.

I watched our athletics team train over the past few weeks for the ACC Carnival and, on the day, I was proud to see the way in which the students conducted themselves and represented the College. The QBC Athletics team is to be commended on their excellent performance, achieving Second Place.

On the academic front, I encourage the Year 12 students to attend the Academic Associates courses being run over the next few weekends by the College and also subsidised by the College. Our Year 12 Science students recently enjoyed an excellent excursion to Scitech and we are overall pleased with our NAPLAN results, which place our students on, or above, the State and National benchmarks.

As I looked through the submissions for the 2016 QBC Yearbook and watched our Year 12s participate in their final sporting and inter-house events and begin their final preparations for graduation, I began to reflect on their school journey. I am aware of the tremendous contribution they have made to the College and I wish them every success and God’s richest blessing for the future.

Last Friday, Reggie Dabbs addressed the High School assembly and enthralled us with his energetic saxophone playing and compelling life story. He shared his Christian testimony, highlighting the significance and reassurance that comes from having a God who loves us and gives us strength and peace.

Psalm 29 verse 11:
‘The Lord gives strength to his people: the Lord blesses his people with peace.’

“What should young people do with their lives today? Many things, obviously. But the most daring thing is to create stable communities in which the terrible disease of loneliness can be cured.”

— Kurt Vonnegut

Quinns students took a walk across the road to share a fun afternoon of games and conversation with the dear folks of Anchorage Aged Care. There were many laughs and interesting stories shared, with new friendships built through common passions like open water swimming and sport for some, family, and common past experiences for others. A wonderful afternoon was had by all.
On the 28th August, a few individuals braved the challenge of the City to Surf. Despite a harrowing night, the weather was beautiful for the event. Some super athletic people chose to run the 12 km challenge where others walked the route, ending up at City Beach Oval. Some great personal challenges were achieved.

Congratulations to QBC students and staff members who participated. The goal was to raise $700 towards the Bali Orphanage Fund Raising when in fact $1019 was raised!

A massive thank you to those who supported the walkers and the runners and donated towards such as great cause.

Virtues Parenting Program

Lots of children these days have regular hassles with friendships, communicating and self-esteem. The purpose of teaching The Virtues is to develop a culture of character where respect, patience, self-discipline, tolerance and joy for learning are among the virtues children master. The Virtues Strategies can easily be integrated into how parents interact with their children in the home, when disciplining them and supporting socialisation. It is a positive, holistic program which has been used in many cultures and countries throughout the world to bring out the best in our children.

Being a parent is the most complex and important activity on the planet. Parents are the child’s first and most important educators, yet they receive little or no training in what to do or how to do it. Unfortunately, children don’t come with instruction manuals.

Teaching virtues to children is a way of bringing out the best in every child. Each day of living with children brings fresh opportunities for guiding them and using “teachable moments” which pass quickly and may never come again. Children are born in and with potential; their natural qualities can develop into positive or negative traits depending on how they are educated in the early years. Character develops as children learn to make responsible, moral choices with self-esteem being a natural outcome.

a little about us!

Scripture Union (SU) is a Christian organisation and on camp you will have the opportunity to hear what Christianity is all about. We believe Jesus can give hope and purpose to life, and on camp we can find out why. Our discussion times will, we hope, challenge you in various ways but always allow you the chance to form your own conclusions. The leaders on camp are volunteers who are trained for camp. They are ‘Working with Children Checks’, pay a camp fee, and are responsible and fun people.

Scripture Union WA also runs Christian groups in High School Primary Schools, School Adventure Camping, Family Festival, and Neighbourhood Outreach programs.
